

## Introducing the Aetrex Sandalistas

### *The most innovative and customizable sandal line*

Sandalistas have revolutionized the foot care industry. Finally, a fashion forward sandal that can accommodate a custom orthotic is available for women. Sandalistas feature the hottest colors of the season, luxurious fabrics such as leather and Nubuck, and fine detailing with silver buckles, brass rivet accents and button closures. They were so popular last year they were even featured on CBS the Early Show. Sandalistas are available in women's sizes 5-11. We offer the Sandalistas as a package with a ComfortFit custom orthotic plus Sandalistas sandal or as a sandal only with a standard insole.
